**Subject:** Re: Question about aerial imagery

Hi Ivy,

Thank you for your confirmation. Would it be okay to use the WMTS endpoints listed on your GeoLibrary portal (ie <https://portal-senecacountygis.hub.arcgis.com/maps/SenecaCountyGIS::2023-orth-map/about>)?

On Mon, Jul 29, 2024, 8:25 AM Auditor GIS <[auditorgis@senecacountyohio.gov](mailto:auditorgis@senecacountyohio.gov)> wrote:

Hello,

Our aerial images are considered public record therefore your organization would be allowed to use those images. Do you have a process in which I can share these with you?

Thanks so much.

**Subject:** Question about aerial imagery

Hi,

I am a volunteer of [OpenStreetMap](#), a collaborative open project to create a global geodata set freely usable by anyone on share-alike and attribution terms under the [Open Database License \(ODbL\)](#).

We're very interested in using Seneca County's aerial imagery to improve the map. Contributors to OpenStreetMap will only be using this imagery to trace features such as roads and buildings. In order to facilitate this, we want to confirm with you whether or not this imagery is considered to be in the public domain or if OpenStreetMap contributors could have explicit permission to use this imagery.

Thank you for your consideration. If you have any questions or would like more information about OpenStreetMap, please do not hesitate to contact me by e-mail.
